Subject: Construction References

To Whom It may Concern:

This communication is published in support of DiPompeo Construction Corporation's ("DiPompeo") performance under a \$3,000,000 contract for the construction of the Camillus Health Concern, Inc. in the late 1990s. I was the Chief Operating Officer of Camillus House, Inc. at that time and oversaw the design and construction of the facility. The quality of the construction was good and the relationship was driven by a very positive team approach which was particularly challenging in that the job was a multi-source government funded project. To the best of my knowledge, I have not received any communications, oral or written, requesting a reference of performance on DiPompeo from the City of Boynton Beach, Florida.

Signed,

Frances M. Esposito
