**Re: DiPompeo Construction Corp.**

To whom it may concern,

DiPompeo was the general contractor for the City of Parkland Library Expansion project. The project involved constructing a new 7,058 sf Children's Library Wing and renovation of the existing 11,640 sf existing Library building. The project was completed in 18 months and cost over \$3.5 million.

The Library remained operational for the majority of the duration of the construction and there were many challenges associated with the project, however, DiPompeo fulfilled their duties as general contractor to the satisfaction of all parties and successfully completed the project within reasonable schedule and budget restraints.

The new Library is enjoyed by many of our residents on a daily basis and the City of Parkland would recommend DiPompeo Construction Corp. to others.

Please do not hesitate to contact me at 954-757-4184 if you have any questions or need additional information.

Respectfully,

Enlise Michaels  
City Engineer
