Dear Ladies and Gentlemen:

I am pleased to recommend Di Pompeo Construction Corporation to you.

In late 2018, the City of Parkland engaged Di Pompeo to construct a new 7,000 square expansion to the Parkland Library and to completely renovate the City's existing 13,000 square foot library.

From the outset, Di Pompeo worked very closely with the City of Parkland to insure that an excellent outcome would prevail. They devoted the time and management staff necessary for successful results. The company was diligent in following through on all requests for information from the City of Parkland. All the principal staff at Di Pompeo were always available for consultation. Their competence was always evident. Several staff members from all departments within the City of Parkland participated in this project. Di Pompeo was thoughtful in all attempts to accommodate staff requests and staff's expectations from the project. The company worked diligently in attempts to minimize errors and keep change orders to a minimum. No bid addendums needed to be filed. The overall quality of their work was superior. This project was complex because the City of Parkland directed Di Pompeo to work in a way that enabled the City to sustain library services during all facets of construction. Di Pompeo met this requirement in excellent fashion. Di Pompeo's experience with other similar projects gave them insights that not all construction companies could offer.

Di Pompeo enabled the City to proceed with confidence in all aspects of the goal of excellence.

We urge you to give Di Pompeo every consideration. We think that you will be pleased with the outcome. leased with the outcome.

Joseph Green, Director
